

Quest 12 Beneficiaries

Quest 12 Charity Adult Hockey Tournament

The Edge Ice Arena
Littleton, Colorado
April 26th - 28th, 2019

Today, almost 1,700 people in the US will die of cancer. That adds up to more than 600,000 Americans dying of cancer this year alone. That's why, with our 1.5 million volunteers, we are taking action. The mission of the American Cancer Society is to save lives, celebrate lives, and lead the fight for a world without cancer.

In Colorado we are making an impact by:

- Funding over \$9 million dollars in cancer research in a variety of areas such as prevention, detection, and treatment of a variety of types of cancers
- Provided over 1,00 free or reduced cost hotel nights to patients traveling for treatment in Colorado last year.
- Provided almost 7,000 rides to and from cancer treatments to patients in Colorado last year

For more information about the American Cancer Society here in Colorado, please visit <https://www.cancer.org/about-us/local/colorado.html>

The Dawg Nation Hockey Foundation is committed to serving the local hockey community and exists solely to aid those that have suffered financial hardship due to illness or injury.

Members are dedicated to promoting the spirit of fellowship by supporting players and player's families in high standards of health, wellness, and fair play in recreational hockey competitions while supporting league and team players in local community outreach. They specifically identify individuals and families in need, and strive to provide relief through difficult times.

Starting in 2011, Dawg Nation has aided over 100 families across the Rocky Mountain Region with checks exceeding \$1,400,000, from the weekend warrior needing assistance to pay his or her medical bills all the way to grieving families that have lost a loved one. Dawg Nation is not just there to help financially, but also physically, mentally and even spiritually.

For more information about Dawg Nation Hockey Foundation, please visit www.dawgnation.org.

Hockey Fights Cancer™ - a joint initiative by the National Hockey League (NHL®) and National Hockey League Players' Association (NHLPA) since its inception in 1998 - has resulted in donations of more than \$20 million to support national and local cancer research institutions, children's hospitals, player charities, and local charities.

Hockey Fights Cancer™ is also a program of both the National Hockey League Foundation (in the US) and NHL Foundation (in Canada). Funds raised at this event for the American Cancer Society through Hockey Fights Cancer™ will support cancer research and patient services in Colorado, including lodging and transportation.

Lavender, the official color of Hockey Fights Cancer™, represents all cancers and will be featured prominently throughout the campaign.

To join the conversation, use the official hashtag #HockeyFightsCancer.
